OCH29HOL - OCHO RIOS & DUNN'S RIVER FALLS WITH VEGAN LUNCH

DURATION: APPROX. 5.5 HOURS | PRICE: \$92 PER ADULT, \$70 PER CHILD

Time to leave the ship and visit one of Jamaica's premiere attractions, the gorgeous Dunn's River Falls near Ocho Rios, which you'll reach after a scenic drive. A plaque provided by the Jamaican Historical Society marks the spot as the site of the battle of Las Chorreras, fought by the English and the Spanish over land rights in 1657 - with the English as the victors. The land was ultimately acquired by the Jamaican government in 1972, since which time it has served locals and visitors alike as a popular recreational area and park. The spring water that feeds the falls is rich in calcium carbonate, which results in deposits of travertine and makes the falls a self-regenerating "living" phenomenon. After a drive to the Dunn's River, your guide will lead you up the naturally terraced river bed as part of a human chain. The climb includes a short pause at the so-called "massage parlour", where the cascading water can soothe tired shoulders. As an alternative to the climb, there are safe spots from which to watch the others ascend the falls. Next up is a tasty vegan buffet lunch by the sea, after which a sightseeing drive around Ocho Rios rounds off the tour before you return to the ship.

CLOSED

Please note: Guests are recommended to wear swimwear under comfortable clothing, high-factor sunscreen and to bring a towel plus a change of clothing if swimwear is not worn at the waterfall. Slip-proof or water shoes should be worn since climbing the falls' many terraced steps is both strenuous and very slippery. Guests wishing to climb the falls must be at least 92 cm/3 ft. in height. Guests will not be permitted to jump from the falls.

After your mounts have been unsaddled by your guides, you can then ride bareback right into the Caribbean Sea - a swimming experience like no other. To round off the outing, there will be time for you to visit the gift shop. Cold drinks and jerk chicken are also available for purchase at the bar and grill. A scenic return journey to the ship brings the tour to a close.

Leave the ship for a while and venture out to one of Jamaica's most popular natural wonders, the Dunn's River Falls near Ocho Rios, which you'll reach by coach. The waterfall is fed by spring water with a high concentration of calcium carbonate, which leaves deposits of a rock called travertine. As a result, the falls is a living – and growing – phenomenon. Once at the falls and following a safety briefing, you'll form a human chain and be led up the naturally terraced river bed by your experienced guide. Then enjoy a stop at the so-called "massage parlour" and experience the soothing effect of the cascading water on its way to the sea. For a more leisurely look at the falls, you can also spend the time comfortably seated on the terrace or deck and simply watch the proceedings. The surrounding forest, by contrast, provides the perfect setting for a walk through tropical vegetation including ferns, bamboo, ginger lilies, orchids, palms and breadfruit trees. Your return to the ship brings the tour to an end.

Please note: Guests are recommended to bring a towel as well as to wear high-factor sunscreen, swimwear and non-skid water shoes, since climbing the many steps of the falls is both strenuous and slippery. The caverns also provided sanctuary for the Spanish in the 17th century, later facilitated the activities of arms smugglers and were then used to store rum. Impressive dripstone formations such as stalactites and stalagmites, interconnected passages leading to larger chambers and the grotto itself – with a pool of crystal-clear water – are just some of the attractions that go to make this place so special. You’ll have a chance to feed some of the hooved animals that live in the Animal Garden – but only if you wish. The final two stops on the tour will then be at the lovely Alto Vista Chapel, the site at which Aruba’s Christian traditions are said to have been founded, and the early 20th-century California Lighthouse, which carries the name of an unfortunate ship that was wrecked nearby in the late 19th century. ARU21 – CHAMPAGNE BRUNCH: SAIL & SNORKEL

DURATION: APPROX. 4 HOURS, INCL. BREAKFAST & LUNCH | PRICE: \$92 PER ADULT, \$65 PER CHILD

Cut loose from your ship for a few hours and instead enjoy a carefree brunch aboard a custom-built catamaran, complete with sunbathing trampolines, sunbathing spots and shaded areas for your cruising pleasure. Your three snorkeling highlights are located to the north, and as you sail, you can sip a mimosa and savour tempting morsels of delicious food. Your first

stop will be at Catalina Bay, where the white sand beach provides a great starting point to go snorkeling in the shallow water and experience its kaleidoscopic variety of underwater life. Moving on again, your second stop will see you linger a little offshore to view the remains of the Caribbean’s largest underwater shipwreck: the German ES Antilla. Having only embarked on her maiden voyage from Hamburg in mid-July 1939, the ES Antilla was then scuppered by the Dutch on 10 May 1940, barely 10 months later. Since then, the supine vessel has become home to such marine creatures as coral, sponges, lobsters, hawksbill sea turtles and even moray eels, making her a fascinating place to visit in a variety of ways. Last up on the snorkeling itinerary is the marvellously shallow site at Malmok Beach, just a little to the south of the shipwreck. After all that activity, prepare to reward yourself with seafood paella – freshly prepared on board – and all that an open bar can offer while you enjoy the leisurely sail back to your ship.

Please note: Guests are recommended to wear swimwear under comfortable clothing, high-factor sunscreen and to bring a towel, a camera and a hat. The tour begins with a short transfer to the marina on an open-air, Caribbean-style bus; the return route will be completed by boat. Guests must be at least 3 years of age to take part. DURATION: APPROX. 6.5 HOURS | PRICE: \$99 PER ADULT, \$70 PER CHILD

There is only one place on earth that you can reach via the Caribbean Sea, then travel overland for an hour and leave via the Pacific Ocean: Panama City. Located at the entrance to the Panama Canal – a major feat of engineering that has now been in operation since 1914 – Panama City is not simply a pleasing blend of modern and colonial architecture, but also looks back on a long and interesting history. It was from Panama City that Francisco Pizarro launched his two unsuccessful attempts to conquer the Incan empire in Peru – once in 1524 and then again in 1526 – and Vasco Núñez de Balboa ventured out to ultimately discover the Pacific Ocean in 1513. Panama City was the first settlement to be founded on the Pacific side of the American continent, in 1519, at which time it formed a vital communication channel between Spain and

its colonies in the Pacific. This scenic visit to quaint Old Panama then continues on again by coach to Casco Antiguo, or the Colonial City. Founded in 1673, the city replaced the old capital, which at that time had already lain in ruins for 2 years after an attack of the Englishman, Captain Henry Morgan. The Casco Antiguo is full of historical buildings, which include a cathedral, the national theatre, and the fabulous Las Bóvedas walkway. As a final extra before returning you to the ship, the tour also includes a quick visit to Agua Claras Locks (Expansion Center) to see how the Panama Canal operates. Please note: This tour includes a long route by bus. As the transit of ships through the lock is subject to local authority permission and is dependent on daily scheduling, no guarantee can be given that any ships will be passing through the lock at the time of your visit. Your trip to this iconic structure begins with a short drive to the waterway's Expansion Observatory Platform to learn a little about the current construction project that aims to add

capacities for a larger shipping lane by building a new and bigger set of locks. This experience at the canal will give you the opportunity to see the former Canal Zone, residential and military facilities that were built by the USA at the beginning of the last century. Your fascinating tour of the Panama Canal then comes to a close with your return to the ship.

CMY28 – KOHUNLICH MAYAN RUINS   

DURATION: APPROX. 6.5 HOURS | PRICE: \$79 PER ADULT, \$59 PER CHILD

Situated on the Yucatán Peninsula and one of Mexico’s absolute must-sees is the archaeological site of Kohunlich, a terraced city built by the Mayans between approx. A.D. 250 and A.D. 600. The site’s unusual-sounding name is derived from the English name of the cohune palm, a common sight in the area. Your tour of cultural discovery begins with an air-conditioned coach ride, during which a bilingual guide will entertain you with information on the Mayan remains ahead. At the site itself, you’ll be escorted through the park-like setting of the historical complex, whose highlights include a sunken palace, an acropolis, courtyards and even an ancient ceremonial ball field. But the site’s main attraction is undoubtedly the Temple of the Masks, dedicated to the Mayan sun god KinichAhau. Although the oversized stucco masks on either side of the temple’s central staircase are easy enough to see from the ground, you’ll have to climb up the pyramid-like structure to get a closer look. Parts of the stucco – which dates back to earlier than A.D. 500 – still retain some of their original colour. With memories of the beautifully secluded Kohunlich fresh in your mind, you’ll then get to enjoy a light packed lunch on the coach journey back to the Costa Maya and your ship.

Please note: The tour involves a 2-hour coach drive each way without a comfort stop; guests are therefore recommended to use the facilities prior to departure. As the tour involves longer periods of walking on uneven ground, guests are requested to take extra care. The tour is considered to be unsuitable for guests with mobility problems or using a wheelchair. Guests are recommended to wear high-factor sunscreen, insect repellent and comfortable shoes. Depending on the exchange rate on the day of the tour, a fee of US\$5-US\$8 will be payable by guests wishing to use video equipment (including mobile phones) at the archaeological site. The site does not permit the use of tripods, professional video equipment or flash photography. The tour also involves an approx. 5-minute walk between the car park and the entrance of Kohunlich.
