Old San Juan's enchanting streets, located on a peninsula jutting into the Caribbean Sea, are perfect for exploring on foot – something this tour gives you ample opportunity to do. Escorted by your guide, you'll first board a coach to reach Fort San Felipe del Morro, or simply El Morro, perched on the tip of the promontory. Built in the 16th century, the imposing fortress features six different lines of defense, including a water battery tower and casemate guns. After a look around, you'll move on to the adjoining Ballajá Barracks area and then the totem dedicated to the indigenous Taíno people at the Plaza del Quinto Centenario. Right next door you'll find San José Square and its white-fronted church, a jewel of Spanish Gothic architecture completed in 1735. You'll also see many French- and Spanish-inspired buildings from various eras, so keep your camera at hand. Next up is an inside look at the Cathedral of San Juan Bautista, whose earliest parts date back to 1540, followed by a photo stop and water break at the Rogativa monument in honor of Puerto Rican women who stymied a British invasion in 1797. The spot also affords great views of San Juan Bay, the nearby 16th-century Fortaleza and the governor's private residence. The last visit on your walk will then be the mid-18th-century Chapel of Christ the Savior before time will be yours to do some shopping on your own. The tour includes light vegan fare and comes to a close with your return to the ship.

Please note: The walking tour of Old San Juan concludes with 1 hour of free time to go shopping, after which the guide will escort guests back to the ship. Guests wishing to remain in Old San Juan for longer can return to the ship on foot (approx. 15-minute walk) or take a taxi at their own expense. The price of the tour includes admission to the San Felipe del Morro Fort. Guests are advised to ask for and keep the receipt at the Fort of San Felipe del Morro as proof of purchase. Daily fort opening times are between 9:00 AM and 6:00 PM.

One of the things that makes Puerto Rico unique is its mixture of cultures. It has been influenced by the Taino Indians, the Spanish and the African slaves. Each of these cultures had its own music, food, dances and traditions that have come together and evolved into the Puerto Rico we know today. Join us in a short drive to visit the town of Loiza, which hugs the coastline. Experience the richness of the island's culture and traditions, especially in the form of music, food and crafts and the fascinating Afro-Caribbean cultural heritage of Puerto Rico. Learn about the key role bees play in our recuperation after hurricanes Irma and Maria affected the Island and how we can help to keep the bees safe and ensure pollination for the food supply we depend on. As a unique cultural experience, learn the magic moves and rhythm of La Bomba where we all can come together and enjoy this traditional music and dancing following the beats of the African drum. You will also learn the meanings of the women's head turban and have the chance to purchase one to take back home as a souvenir. Then after having fun with this traditional dance, let's taste a vegan version of some alcapurrias, a traditional finger food. After these samples, enjoy a vegan dinner with a refreshing agave-sweetened lemonade or bottle of water. This tour offers an exciting evening full of insights into the history of Puerto Rico's culture and traditions that will allow you to explore a beautiful part of the Island.

Please note: This excursion involves walking over uneven terrain and climbing some steps. Not recommended for guests with physical limitations. Guests are recommended to bring comfortable, sturdy walking shoes and insect repellent.

This tour combines the best St. Martin has to offer on land and beneath the ocean's surface. You leave Philipsburg, on the Dutch side of the island, and drive up the eastern side to the second largest town in St. Martin, Grand Case, a quaint, unspoiled fishing village surrounded by an idyllic bay. Here at Grand Case Pier, you board the Seaworld Explorer, a semi-submarine, which takes you on a narrated tour of the coral reefs surrounding Creole Rock. Seaworld Explorer is a state-of-the-art semi-submarine developed in Australia for use on the Great Barrier Reef. The vessel does not submerge; you descend into the hull of the boat and sit in air-conditioned comfort five feet below the surface of the water, exploring sea life in this cruising underwater observatory through large clear glass windows. Knowledgeable marine experts will provide you with information on the amazing underwater world, and they will be happy to answer questions. On the return trip to shore you can relax and enjoy the magnificent view of Grand Case Bay and Creole Rock. Your tour continues to the French capital of Marigot, where you will have time to explore this attractive port city with its sidewalk cafes, open-air market and duty-free shops. A vegan lunch is included.

Please note: Sightings of marine wildlife are common, but cannot be guaranteed.

This low-impact activity gives you an opportunity to spend half a day off the ship exploring Antigua from a waterside perspective. A fast motorboat will first take you from the kayak base to a secluded lagoon to board your kayak. Instructions and a safety briefing will follow, after which your guided 1-hour kayak tour begins. You will see otherworldly mangroves, scenic coastal inlets and tiny islands. Having re-boarded the motorboat, you will then be taken around the beautiful North Sound Marine Park, with a snorkelling stop scheduled at a sheltered off-shore reef. The tour also includes a gentle nature hike on Bird Island, an uninhabited isle that offers visitors two sandy beaches, panoramic views and a whole host of wildlife, including many tropical bird species, to observe. A boat will be on hand to take snorkelers out to a nearby reef, where guides will provide and fit your gear and show you where fish can be seen. If snorkelling is not for you, you can simply relax on the pristine beach, explore the island or go for a swim in the shallow beachside waters before returning to the kayak clubhouse. A light vegan snack will be served.

Please note: Children must be at least 6 years of age to take part. Snorkel gear, fins, snorkel belts, life jackets and refreshments are provided during the tour. We recommend that you wear flat, non-slip footwear that can get wet. Participants should be in good physical condition. The maximum weight allowed per two-person kayak is 400 lbs./181 kg. This tour is not recommended for guests with limited mobility, heart/neck/hip/back/respiratory problems or for guests who have had recent surgery. Women who are pregnant are prohibited from participating in this tour.
